The programmes are overseen by a Committee consisting of three members of the Faculty of Law, including the Associate Dean for Undergraduates *ex officio*, and two members of the Law Faculty with the expectation of one representing each programme, who will be nominated by Personnel Committee. Membership is for three years, renewable for a further three years. Additionally, two student members (one participating in, and representing, each programme) will also form part of this Committee.

Annexe A: Vice Dean and Associate Deans

The Board of the Faculty of Law has established the following positions to support the Dean in the discharge of his or her responsibilities:

1. Vice Dean
2. Associate Dean for Equality and Diversity
3. Associate Dean for Research
4. Associate Dean for Undergraduate Studies
5. Associate Dean for Graduate Studies (Taught)
6. Associate Dean for Graduate Studies (Research)
7. Associate Dean for External Relations

The Vice Dean and Associate Deans shall have strategic oversight of, and provide leadership and direction to, the work of the Faculty in their area of responsibility. They will ultimately be accountable to the Law Board, will provide advice and support to the Dean, and will be expected to keep the Dean apprised of the key issues or events in their sphere of responsibility. They shall chair or attend the committees specific to that role (as defined in the job description for the role) and communicate with the other Faculty Officers in their area as and when appropriate. They may be called upon to represent the Faculty at the Divisional or University level and, where appropriate, externally, within their sphere of responsibility; and they may occasionally be asked by the Dean to deputise for him or her in this or other areas. The job description for the role will provide information about the work expected of the Vice-Dean or Associate Dean, as well as the administrative structure within the Faculty that supports their particular function.

These appointments shall be made by the Board for 4 years and shall not ordinarily be renewable.

Each Associate Deanship and the Vice Deanship shall carry a value of 96 stint units per annum, which will be converted into a budget whereby 1 unit is multiplied by the standard Faculty unit value, increased for inflation each October in line with pay inflation. For Associate Deans, this may be taken as (i) a college or faculty buyout and/or used to fund additional teaching; (ii) converted into a responsibility allowance (i.e. salary payment), up to an equivalent sum within the Schedule V allowance plus pension costs, if applicable; (iii) used as a research allowance (to be used in accordance with the guidelines for Faculty Research Funds, to be spent strictly within the period the Associate Deanship plus one year); or (iv) used to fund a period of Special Paid Leave after the period of office (for example, a term of leave to be taken alongside the two terms of sabbatical leave/dispensation accrued across a four year period of office, giving a whole year of leave). These arrangements are subject to the approval of the Dean not later than the end of Hilary Term in the preceding year, and all college buyouts or leave are also subject to the approval of the college. Requests for Special Paid Leave are also subject to the approval of the Social Sciences Division. The allowances may only be used to support buyouts and research during the period of office as an Associate Dean, and the option of applying for Special Paid Leave is only available after a full period of office has been completed. All of the above also applies to the Vice Dean role, except that the salary payment to the Vice Dean is not subject to the Schedule V allowance limit.

Special Paid Leave does not count as qualifying service for the purposes of calculating future entitlement to sabbatical leave or dispensation from lecturing duties. However it does not count against an individual's future entitlement.

Where a Faculty Officer role is shared, both officers will be entitled to attend any committee meeting on which the Faculty Officer is *ex officio*, but only one officer will be entitled to vote.
