

Consent for Tissue Research in Organ Donation Pathways

A workshop to discuss the challenges of embedding consent to donating tissue for research within pathways for organ donation in England.

Venue: The Cube, St Cross Building, Oxford, OX1 3UL

(Participants attending online to join via Zoom – login details to follow)

10.00	<u>Welcome and Setting the Scene</u> Jane Kaye (Chair): What we want to achieve today & an introduction to Dynamic Consent
10.10	Olaf Ansorge: The mandate of Brain BioLink: transforming neuroscience tissue research in the UK
10.25	Dan Harvey: NHS Blood and Transplant: an overview
10.40	Coffee Break
11.00	<u>Digital Registers for Research Donation</u> Miranda Mourby (Chair): Introduction
11.05	Sigrid Sterckx: Consent to donate tissue for research in Belgium
11.15	Julian Mausbach: Consent to tissue donation for research purposes in Switzerland
11.25	Sebastian Porsdam Mann: Consent to donate tissue via innovative digital platforms
11.35	Speaker Q&A
12.00	<u>Brainstorming: Digital Registers for Donation</u> Jane Kaye (Chair): Introduction <u>Post-it session:</u> ‘Dynamic Consent for Organ Donation Registers: pros and cons.’

13.00	Lunch
13.45	<p><u>End-of-life Consent for Research Donation</u></p> <p>Gerard Mawhinney (Chair): Introduction</p>
13.50	Emma Lawson & Margaret Stevens: Consent within NHSBT research governance
14.00	Simon Raby: Consent for tissue donation in acute care
14.10	Victoria Hedges: Consent for tissue donation in palliative care
14.20	Alexandra Mullock: Consent for tissue donation within assisted dying
14.30	<p>Speaker Q&A</p> <p>(Break for tea and coffee as needed)</p>
15.00	<p><u>Brainstorming: End-of-Life Consent</u></p> <p>Miranda Mourby (Chair): Summary of findings from the previous session.</p> <p><u>Post-it session:</u> How should we discuss consent for research donation in end-of-life care?</p>
16.00 - 16.15	<p>Olaf Ansorge (Chair): Closing remarks & next steps</p> <p>Workshop ends</p>
