

# Just Lawyers Hackathon: Come and Help to Grow our Website!

Just Lawyers is a collaborative effort by and for the in-house legal community to help its lawyers find ways they can make a difference in their organisation, in society, in the profession, in action and in the world.

We are holding a one day hackathon at the Bonavero Institute of Human Rights, bringing together lawyers, academics and others for a day of discussion, interviews and development of content for our website [justlawyers.net](http://justlawyers.net). Join us!

No technical expertise is needed - just some enthusiasm and a desire to be a Just Lawyer! Lunch will be provided.

Places are limited so please [rsvp](#) as soon as possible. Further information will be provided to participants on confirmation of their place.
