Once you've read about our firm and what we can offer you, we encourage you to talk with us directly, get to know our people and decide whether working with us is the right choice for you.

THIS COULD BE YOUR YEAR

Cavenagh Law and Clifford Chance are currently accepting applications for the Singapore Training Programme which is intended to provide suitable candidates with an opportunity to become dual qualified in Singapore and another jurisdiction.

We are looking for accomplished and articulate applicants, who will be capable of contributing their own ideas and opinions. We need enthusiastic people who will enjoy getting to know clients and colleagues and who understand that working at the forefront of legal services often requires hard work, applied intellect and a collaborative approach to working in a team. We are looking for people who display the drive and commitment to meet the high standards we expect. Applicants should also possess outstanding academic abilities.

This unique programme is two years in duration and will first provide a Practice Training Contract in Singapore with Cavenagh Law LLP, leading to admission to the Singapore Bar. Post-qualification as a Singapore Lawyer the Cavenagh Practice Training Contract will then be supplemented with the Clifford Chance Training Programme leading to the prospect of a dual qualification in Singapore and another jurisdiction.

This two year programme is truly international. As such, each trainee will be considered for the opportunity to complete at least one international seat, where you will be able to work in one of Clifford Chance's international offices, such as London or Hong Kong, for six months.

Stage 1: Practice Training Contract with Cavenagh Law LLP

At Cavenagh Law, we have designed the structure of our Practice Training Contract to give you the widest range of experience within our business while meeting the stringent training requirements of the Legal Profession Act. Under the supervision of the Partners of Cavenagh Law, you will work on high profile cases and learn from market leaders. You will take real responsibility in matters in a refreshing and stimulating environment, where your unique talents will have the space to shine, develop and make a real impact.

During the Cavenagh Law Practice Training Contract, your time and energy will be focused on activities that will best develop your legal and business skills. You could be drafting documents, assisting in conducting investigations or discovery, attending client meetings or preparing documents for a dispute.

On completion of the Cavenagh Law Practice Training Contract, you will be admitted to the Singapore Bar.

Stage 2: Continued World Class Training and Development

Following admission in Singapore, and as a qualified lawyer, the next stage of the training programme consists of three seat placements each of six months' duration. On this bespoke training programme, you will be able to nominate a seat in practice areas of interest to you; which will be accommodated to the extent possible. Potential practice areas include; Mergers & Acquisitions, Funds, Banking & Finance, Projects, Derivatives and Capital Markets.

During this stage of the training programme, in addition to gaining excellent exposure to international work, you will also receive access to the world class training that Clifford Chance provides to its trainees globally and access to the global training resources of the Clifford Chance Academy.

This stage is designed to help you build a portfolio of technical, business and commercial skills to support and sustain growth in your practical experience. You will progress through a structured programme in each seat and receive mentoring and performance assessments from dedicated supervisors.
